### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert W. Mulcahy on April 26, 2004.

The application has been amended as follows:

Claim 1 has been amended to read:

1. (Currently Amended) A semiconductor processing apparatus comprising;

a chamber;

a wafer support member within the chamber;

a gas inlet pipe for flowing processing gas down into a top part of the chamber at an exit-end of the pipe; and

an a fixed disc-shaped impeller comprising a plurality of fan-like blades which partly overlap each other, said impeller mounted within the pipe above the exit-end thereof, the impeller directing the gas flowing down within the pipe into a plurality of lateral secondary gas streams rotating beneath the impeller to cause a swirling whirlpool-like motion of the gas.

Claim 4 has been cancelled.

Claim 5 has been amended to read:

5. (Currently Amended) The apparatus of claim 1 [4] wherein the blades radiate from a center to an outer rim and are fixed in the pipe at right angles athwart the gas stream above the exit-end of the pipe.

Non-elected claims 13 and 14 have been cancelled.

2. The following is an examiner's statement of reasons for allowance: the apparatus as claimed in claims 1 and 9, specifically, the fixed impeller comprising a plurality of fan-like blades which partly overlap each other was not found in or suggested by the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
